INFINITY SUPPORTS SAATHI

Infinity Tyres was the first supporter this year of the SAATHI initiative. In line with Infinity's mission to give back to the community we are finding unique ways to make a difference in our local communities. The SAATHI initiative was proposed by our local team in the U. A. E and we are proud to support it with both time and financial support. SAATHI – Society for Advocacy & Awareness Towards Holistic Inclusion - is a community initiative under the patronage of Consulate General of India, Dubai. It is a voluntary organization dedicated to serve the special needs community in Dubai and the UAE with **a special focus on awareness, advocacy, training and projects in support of individuals with special needs.** As a pioneering organization, SAATHI represents a collaboration of several key stakeholders: special needs institutions, parent support groups, training organizations, professional bodies, caregivers and members of the larger community. SAATHI aims to improve the life of children with special need and their families.
