

## Welcome to Infinity World - from Bologna to Bangkok!

Situated in a prime location in Hall 20, the Infinity stand at the recent Autopromotec 2009 was regarded by many as being of the most stylish - it was certainly one of the busiest.

As well as showcasing two new products - the Infinity 059 and the Infinity 200 - there was a comprehensive series of distributor update meetings. All the main European and International Infinity distributors visited the stand and were welcomed by the Infinity team from Europe and Dubai.

Clive Mansfield - Sales Manager for Infinity Tyres Europe Limited - commented, "It is fantastic to come to Bologna and to meet with all of our Infinity partners. We remain fully committed to the continued growth and expansion of the Infinity brand and to the further development of our relationships with our key distributor partners."

At an Infinity Gala Dinner held at the prestigious Baglioni Hotel, Mr Surender Kandhari - Chairman of Infinity Tyres Europe Limited welcomed nearly 50 distributors and trade press guests from all over the world and announced that the next Infinity Partners Meeting would be held in Bangkok in March 2010.

*In addition, it was confirmed that Infinity would be exhibiting at Reifen 2010 with a substantially enhanced and enlarged stand.*

## Lift your tyre business to the next level

It may be tempting to bypass safe methods of handling heavy tyres in an attempt to speed up your operation, but cutting corners can lead to damage to people, product and premises.

MezzLift not only provides a robust, versatile and cost-effective solution to raising and lowering tyres safely and efficiently between two floors, it will dramatically reduce the risk of injury to your staff and increase the efficiency of your business.
